After pre-school you will have the option of sending your child to our associate **Niraj International School** in a fully equipped world class 7 acre campus at Kandlakoya under the CBSE/International Baccalaureate affiliation

Every child has, at the moment of birth, a greater potential intelligence than Leonardo Da Vinci ever used, says Glenn Doman, the legendary American Scientist and founder of The Institutes for achievement of human potential, Philadelphia, USA. This genius of the child can be unlocked through a proven set of teaching methodologies from 6 months of age..

Presenting...

Using path breaking techniques evolved by Glenn Doman and others, we have produced some truly astounding results in the last 5 years. An average 4 year old child in our school would identify flags of 100 countries, read a book, do math, have musical intelligence and be physically superb. In short, an IQ of 150 or more !

This is why, we call our school as
CFNG – Center For Nurturing Genius.

EFFECTIVE PARENTING WORKSHOP

*Parenting is the most important
challenge of human life.*

The day a child is born, a parent is also born. It is suddenly a new world and there is no instruction manual with the child. There is also no university program in the world to teach parenting. Most of the parenting, therefore, happens by default or trial and error, often resulting in a mediocre child being raised. There is a skill in parenting which can be learnt by design to unlock and actualize the full potential of the child to make him an extraordinary achiever.

Kaushalya Global is conducting its highly acclaimed **"EFFECTIVE PARENTING WORKSHOP"**. This workshop empowers the parents in all the areas of successful parenting like:

- Multiple intelligence
- Child Psychology
- Inculcating self confidence, self respect, self worth
- Whole brain utilization
- Male & Female energy balancing
- Values, Culture and Discipline
- Health and Nutrition
- Motivating the child
- Creating a powerful blueprint for success.
- Wise balance between freedom and responsibility.
